2026 EDITION

Save the Children

gifts of joy

From your heart
to their home

Gifts of Joy

This holiday season, celebrate the joy of giving with gifts that can change a child's life. On the cover of this catalogue and the greeting card, you'll see Marlène, a baby from North Kivu in the Democratic Republic of the Congo. When I visited there, I saw the challenges children and families face, and the incredible difference caring supporters like you can make. Inside these pages, you'll discover meaningful gifts that help children like Marlène and families enduring conflict, hunger, and other hardships around the world.

Every Gift of Joy travels from your heart into children's homes, schools, communities, and the displacement camps where many live today. You can help children in crisis to survive, learn, grow, and build a brighter future, while bringing joy to your loved ones with your special gift.

Happy gift giving!

ANY AMOUNT

Where Needed Most

Your gift of Where Needed Most will help Save the Children go where others won't and respond immediately to children's urgent needs for health care, education, and protection.

Emergencies

Photo credit: Hamida Jahish / Save the Children

$25

Clean Water Supplies

Clean water supplies can save children's lives. Provide a family displaced from home with clean water, soap, a bucket, and water-purifying tablets.

$50

Feed a Child in Crisis

Nutritious, regular meals disappear fast in crises like war, drought, and soaring food prices. Send emergency food to a child where and when it's urgently needed.

Emergencies

$75

Winter Warmth Essentials

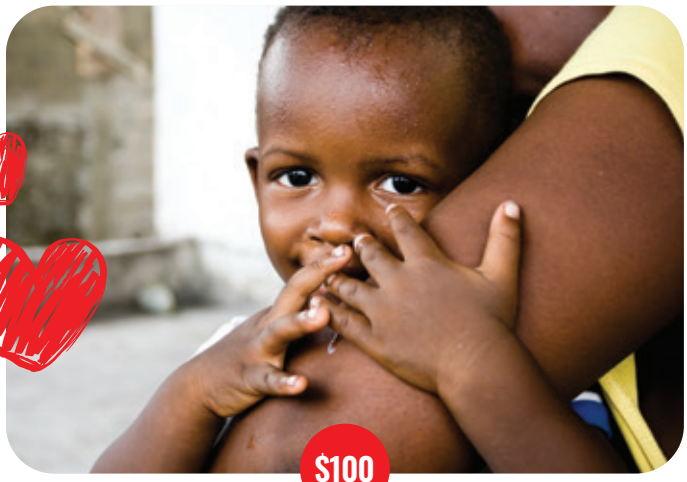

Many children in displacement camps must endure cold winters in makeshift shelters. Keep a child warm from head to toe with a coat, toque, mittens, sweater, socks, and boots.

$100

Emergency Relief for a Family

Give a family who has fled their home the essentials to stay comfortable and clean—from blankets, mattresses, and tarp, to soap, toothpaste, and diapers.

$100

Protect an Unaccompanied Child

In a crisis, children separated from their parents are at their most vulnerable. Restore some safety and comfort with meals, lodging, medical attention, counselling, and the chance to find their families.

$250

Care for a Child Fleeing Conflict

Conflict can take everything from a child—their homes, schools, and sense of security. Help them survive and support ongoing recovery with food, clean water, shelter, health care, psychosocial support, and a safe place to play and learn.

Farming

$25

Chicks

A few small chicks offer something big: a steady source of nourishing eggs for a child's meal and extra family income.

$50

Busy Bees

Honey and beeswax bring in extra income. And pollinating bees can boost crop harvests, giving a family more food to eat or sell.

$75

Grow a Garden

Help create a flourishing home or community garden. This gift includes climate-appropriate native seeds, fertilizer, tools, and gardening instructions.

$75

1 Goat + 2 Chicks

Goats and chicks provide fresh, nourishing milk and eggs for a child's meal each day. Plus, breeding and selling this lovable livestock can boost a family's financial security.

$140

2 Goats + 1 Sheep

Sure, they're cute, but goats and sheep also have the power to pull a family out of poverty with their milk, offspring, wool, and fertilizer.

$280

2 Goats + 1 Cow

These animals are key to a thriving dairy farm, and thriving children too. Their milk quenches a child's thirst, and packs their breakfast with essential vitamins and minerals.

Health and Nutrition

$50

Vital Clean Water Project

Help drill a well, install a pump, or build a washroom. With a clean water source nearby, children can go to school instead of walking long distances to collect water for their families.

$50

Critical Medicine and Vaccines

Give children the essentials to survive: medicines, antibiotics, rehydration salts, zinc, vaccines, and immunizations for diseases like cholera, measles, and polio.

$75

Family Food Basket

Feeding your family can be a struggle when you're recovering from a disaster, fleeing conflict, or barely making ends meet. Help parents provide nutritious daily meals with staples like rice, dried fish, beans, flour, and oil.

Stock a Medical Clinic

Basic medical supplies can be lifesaving tools for rural health workers with scarce resources. Help stock a clinic with essentials like syringes, stethoscopes, blood pressure monitors, thermometers, measuring tapes, and rapid tests.

$75

$92

Lifesaving Plumpy'Nut Peanut Paste

This gift provides a full six-week course of enriched peanut paste, enough to save a child with severe malnutrition. Packed with protein, this therapeutic food treatment helps a little one gain weight and get healthy again.

Girls Empowerment

Girl's Period Kit $30

No girl should miss school because of her period. But many do, because they don't have the simple supplies they need. Keep a girl comfortable and confident with reusable and disposable pads, soap, washcloths, underwear, materials to make pads, and helpful information.

Photo credit: Save the Children

$125

Girls Washrooms

Never underestimate the profound influence of a simple toilet. Safe and sanitary washrooms keep girls in school longer so they can reach their full potential.

Photo credit: Seyba Keita / Save the Children

$200

Protect a Girl from Early and Forced Marriage

Each year, 12 million girls marry before age 18. This can cut off their education, limit their opportunities, and, in some cases, result in death during childbirth. Help tackle the root causes of child marriage through education and advocacy with youth, parents, teachers, and community leaders.

Education

$50

Books (in Canada)

Give the invaluable gift of reading, particularly in remote communities where books can be scarce. Stories by Indigenous authors and illustrators help Indigenous children see themselves and embrace their heritage.

Your gift of Books will be matched 5 times by our partner Penguin Random House Canada.

Penguin Random House Canada

$50

School Lunches

Sometimes, lunch at school is the only meal a child eats each day. Give an entire month of school lunches to two children, so they can focus on their learning, instead of their hunger.

Educate a Girl $75

Educate 2 Girls $150

Too often, girls lose their right to education when their families can't afford school costs. When you help girls stay in school, they delay marriage and childbirth, and can build the future they truly want.

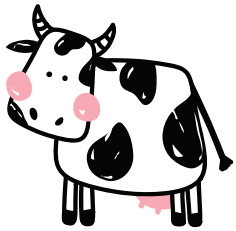

Big Impact Bundles

Family Farmyard Bundle

$520

Give a family a cow, a donkey, two goats, and two sheep—a powerful livestock bundle that can transform daily life. Together, these animals can provide nourishing milk, help with transport and farm work, and create ongoing sources of food, income, and stability. It's a gift that can keep supporting a family long after the day it arrives.

Malnutrition Treatment Bundle

$750

Acute malnutrition is one of the greatest threats to children's survival worldwide. This high-impact gift helps provide comprehensive nutrition and medical care for children suffering from severe malnutrition, including therapeutic peanut paste, fortified milk, essential medicines, and follow-up medical attention. This gift also supports health outreach workers to screen for malnutrition in remote communities, and helps families with ongoing food security solutions and nutrition education. Your generosity can help children survive today and grow stronger for tomorrow.

$1,000

Community Water Bundle

Give the gift of clean water. This high-impact bundle helps provide communities with safe water, sanitation services, and hygiene supplies. Wells, pumps, and solar-powered water systems bring clean water close to homes so children and families can stay healthy and spend less time collecting water. Your gift can help create lasting change for an entire community.

$1,500

Emergency Medical Clinic Bundle

When medical care can't wait, this gift can make all the difference. By helping keep clinics open, providing essential medical supplies, and supporting emergency health teams and ambulances, you can help children receive lifesaving care when they need it most—including wound care, surgery, maternal and newborn care, and emergency treatment for illness and disease.

Photo credit: Sacha Myers / Save the Children

ANY AMOUNT

Where Needed Most

Your gift of Where Needed Most will help Save the Children go where others won't and respond immediately to children's urgent needs for health care, education, and protection.

Add Even More Joy

Add one—or both—of these $10 gifts to your order and help children in even more ways.

Photo credit: Sacha Myers / Save the Children

$10

Plumpy'Nut Peanut Paste (Add-on)

Add some Plumpy'Nut peanut paste towards a child's treatment for severe malnutrition. Your $10 adds extra therapeutic food to help a child recover.

Photo credit: Eve Matheson / Save the Children

$10

Mosquito Net (Add-on)

Help protect children from malaria with a lifesaving mosquito net. Your $10 add-on can help keep children safe from mosquito-borne diseases while they sleep.
